ERP Fundamentals User Guide Getting Started

1 Introduction

Recollect that when you created your ERP Fundamentals database, you received a message that looked like this:-

Welcome to ERP Fundamentals!

You are the ADMINISTRATOR of your organization, Pristine Products Pvt. Ltd., whose unique Organization ID is **ESEBED**In order to access the Main Menu, visit **https://erpfundamentals2.appspot.com**, and input your Organization ID.

Under the **EMPLOYEES** tab, you can register one or more employees. By selecting **Assign Roles**, an employee can be assigned one or more of the following roles:-

Customer Services

Role	Purpose
EntityManSys	Employee can access the Entity Management System application, and
	create entities of type, Customer and Vendor
EntityAccSys	Employee can access the Entity Accounting System application, and
	maintain the accounts of customers and vendors
WebSaleSetup	Employee can access Web Sale Setup application; define products and their
	prices for online sale to customers
BuyProducts	Employee can access BuyProducts application, and fulfill Purchase Orders
	placed by customers online
SupportStaff	Employee can function as Support Staff in case of support requests
	received from customers via the Helpdesk application

You can select **Register Alternate Administrators**, and register one or more of the employees as Alternate Administrators.

And when you click **Generate List of Employees**, you will see the current list of registered employees, as well as know the roles assigned:-

Only you, the Administrator, are authorized to terminate (i.e., completely remove from the database) a current or an archived business process instance.

2 FILING CABINETS

By clicking Filing Cabinets (Figure 6), Administrator can create one or more *named* electronic filing cabinets. And in each filing cabinet, Administrator can upload and store one or more documents. This feature is most useful in creating a paperless office.

A document stored in a filing cabinet can be deleted by the Administrator. An entire filing cabinet can also be archived by the Administrator.

3 INFO PAGES

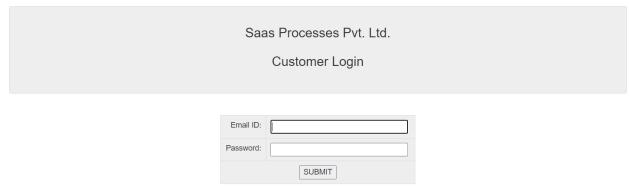

By clicking Info Pages (Figure 6), Administrator can, using a minimal knowledge of html and css, create one or more *named* Info Pages. These Info Pages will be accessible from within the rounded rectangle above the Main Menu (Figure 3).

An Info Page is editable; it can also be altogether archived by the Administrator.

The collection of Info Pages can also serve as the website (or as a supplement to the website) of your organization / company.

4 CUSTOMER SERVICES

Only the original Administrator can click Customer Services in the **Admin Main Menu** (Figure 6), and avail the services of SAAS PROCESSES PRIVATE LIMITED. Upon clicking Customer Services, this is the login form he / she would see:-

Forgot/change password?
